Note: Without reading content, it is not always clear in early issues whether 'Summer' is at the beginning or end of the year. Have arranged, confirming by content, as Summer, Autumn, Winter, Spring, (with some as Spring/Summer crossing ends of years). Some missing documents on Ausglass site can be found on Utas E-Prints.

	'Ausglass uses social media and email as the primary means to communicate both with Members and the broader art glass community. Facebook, Instagram, Mailchimp, Pinterest and Twitter are all being used to increase awareness and appreciation of contemporary glass art in Australia. From January 2020, Ausglass began a regular monthly newsletter using the Mailchimp platform.'		<a href="#">2020</a> Annual Report end 30/6
2021			<a href="#">For the reporting period ending 30 June 2021.</a>

**Social media:**

**2001: The email group, Ausglass2**, was established in 2001 (trial in October, online in December) by Arthur Sale. (Autumn 2002 'Ausglass on-line')

**2001: Ausglass website**, co-ordinator Glenistair Hancock, with subcommittee Arthur Sale, and Tyrone Renton. (Autumn 2002 'Ausglass on-line') Later: Arthur Sale; Simon James, Julian Stannus (and Ausglass Online Gallery), Spike Deane; from 2011 Eileen Gordon maintained the Ausglass Online Gallery, and from 2016-2019 Spike Dean was Ausglass Instagram editor.

**2006:** Simon James joined the Board in 2006 and took on the role of Newsletter Editor and introduced the electronic format. Prior to 2006 the newsletters were mono-coloured, hard copy editions that required typesetting, printing and (snail) mailing. eNewsletters save Ausglass considerable funds. (May 2011)

**2010:** Last year [2010] Simon has redesigned and implemented the new Ausglass website; implemented online payments for new members and renewals; and introduced skype conferencing for board meetings. (May 2011)

**2018: Mailchimp:** 'Ausglass started using Mailchimp to distribute Electronic Direct Mail (EDMs), replacing the Ausglass Review newsletter.'

**2020:** 'From January 2020, Ausglass began a regular monthly newsletter using the Mailchimp platform.'

**2020 'Facebook, Instagram, Mailchimp, Pinterest and Twitter** are all being used to increase awareness and appreciation of contemporary glass art in Australia.'

**2020: New website launched 2020**, doing away with on-line member access and self-managed profiles/galleries. 'In 2020, with a huge thanks to Ausglass Secretary, Peter Nolan, Ausglass was able to transition to the new and much more contemporary ausglass.org website.'

**2020:** 'Ausglass has an e-mail distribution list, members@ausglass.org.au, which enables Members to communicate with all other Ausglass Members via email. This useful facility promotes an online community where Members seek assistance with production matters; information; updates and knowledge transfer.'
